CHASKA, THURSDAY, MARCH 5, 1874.

Correspondence of the Weekly
Valley Herald.

ST. PAUL, March 2d 1874.

EDITOR CHASKA HERALD:

Seven hundred bills have been intro-
duced, four days of the session only
remain; one hundred bills have reached
the Governor; the important measures
are still in the hands of the committee;
the endless job in the senate continues;
many important bills must fail; there is
absolutely no time to consider them; only
well digested measures can succeed.

The House rail-road committee Satur-
day reported a substitute for the Senate
rail road bill. Both were ordered print-
ed and made the general order for to-
day at 2 P. M. The Senate will not
recede from its action. We must take
its measure or nothing. The House
may insist on its substitute or the pet
schemes of Child and Cranfall for kil-
ling off competition. If it does the laws
will stand as now; a bill can not go
through the Senate with the objection-
able features urged by Child. The
warehouse bill was recommended to pass
by the committee last night; it may pass
to-day but then it goes to the Senate
where it is liable to fail for lack of time.

The joint committee on taxes report-
ed their bill revising the tax and assess-
ment laws Saturday; it was read the sec-
ond time and the bill is now in committee
of the whole. It may get through to-day.

The liberty of conscience bill, thanks
to the efforts of Judge Brown, (sarcasti-
cally speaking,) may fail, had he let it
alone it would have passed as introduced
in the Senate, as desired by the people
most interested, but he had the effort-
to get up and relate a pretended con-
versation with Bishop Grace whom he
reported as being entirely satisfied with
the bill as he proposed to amend
so the vital part of the bill was stricken
out. This caused delay, the bill was
referred to a special committee headed
by Mr. Demery of Wabasha and it was
reported back substantially as intro-
duced in the Senate, a long contest fol-
lowed, the amendments were adopted
and the bill was made the special order
for 3 P. M. to day, subsequently the
rail road bill was made the special order
for 3 1/2 P. M. and the liberty of
conscience matter will go over. It is
doubtful if it can be passed under sus-
pension, of the rules, and may be killed
by the strangers in order to give them
time to blow about some fancied wrong
the farmers labor under, meanwhile the
deplorable practice in our State institu-
tions will be continued, Catholics will
continue to be insulted by books (adver-
tising their being placed in the hands of
their children and by the labor of of-
ficers and teachers who attempt to pros-
elyte them.

The bill authorizing the return of
certain funds belonging to Carver now
in the hands of the State Auditor has
passed the House, also the bill organi-
zing an independent school district.

The bill allowing certain towns to
issue bonds to connect your lakes with
Minnetonka by canal may fail for want
of time. The bill for the drawing of
lake Minnetonka (correct name of lake
Rep.) introduced early in the session
was killed because it was so badly drawn
as to defeat its object. A proper bill
could have been put through. It pro-
vided that the lake might be drained
unless some one objected, if any objec-
tion was made by any party interested
the whole thing fell to the ground.

Your delegates have been attentive
to their duties particularly Col. Baxter
and Mr. Deany, who have made a good
record. Mr. Harrison has been dispo-
sed to vote no and assert his indepen-
dence. He has acted with the majority
of the delegates making harmoniously
with them Mr. Truwe, however has
been very quiet, being so diffident that
he has hardly dared to assert himself.

One important measure come near
failing because he would not rise and
claim a correction of his vote when
erroneously reported, Mr. Harrison
claimed the correction for him but his

claim was not recognized. The next
day Mr. Truwe mustered up courage to
claim his rights and though the bill had
been declared lost and so recorded, the
correction was allowed and the bill was
saved. Members should always claim
their rights and be able to defend them.

The Geaman members of the House
have a whole make a record. Kletsch-
ka and Ficker, however are the talking
members among them. Both are men
thoroughly in earnest and when they
speak always make good points. Gletsch-
ka has a good deal of fun in him and
does not fail to bring down the House.

Dodoli has made himself quite promi-
nent also by efforts at retrenchment
and reform. He first tried to get
through a constitutional amendment
limiting sessions to thirty days. That
failed when he tried one for a session
once in five years. That was rejected
and the last ward from him he was pre-
paring a bill to reduce the pay of mem-
bers to three dollars per day.

Messrs. Meyerding and Benz of St.
Paul are excellent members, also Mr.
Hetchman of Hennepin County, Eck-
dahl of Washington and Eppel Wright,
Becker and Talor of LeSueur County.

Our German fellow citizens have no
need of feeling ashamed of their Repre-
sentatives in the past Legislature.

The session ends Friday next, and a
majority are glad enough that the end
is so near.

A Bridegroom's Desperation.

A young man who had agreed to marry
a Mattoon, Indiana, on the last day
of the year, narrowly escaped disappoint-
ing his bride. How it happened, and
how he triumphed over seeming desper-
ate fate, is thus told by the Terre
Haute Express: "Mounting the early
train he reached Paris, but there, in an
evil moment, he left the train to go to
the corner and get a cigar. He stayed
too long, and the train went off.
What was he to do now? The ceremony
was to take place precisely at two o'clock,
and if he did not get there in time there
would be a fearful row. So in default
of a better plan, he started off walking,
thinking to himself how he could man-
age to get there on time. While engaged
in these reflections, a hand car came
along, propelled by three stout section
men. Hailing the trio, he was allowed
to get aboard and take a hand at the
motive power of the open coach. He
worked himself into a sweat, and finally,
when about three miles from Mattoon
the men took their car off the track and
went to work, refusing either for love or
money, to go further. Out of this dis-
tressing predicament he was saved by en-
gaging a mule of an old farmer who liv-
ed near. There was no saddle in the
stable which he would allow to go with
the beast, and therefore the young man
was obliged to go in bareback. When he
arrived at the house the clock had
struck three, and the entire party was
in consternation as he rode up to the
door doth legs wrapped around that
mule's body, slashing with a club at
every jump, and followed in his career
by half the boys in town."

A Dear Old Vice Gono.

Modern teachers have not taught
much, but they have been more success-
ful than Solomon was in his crusade
against sloth; and, as that monster is
dead, we must put up with the fumes
from his remains. Sloth, poor, dear old
vice! Who ever hears of sloth now?
Who does not believe industry the first
of common virtues and who, in the
secret heart, does not agree with the
Massachusetts Senator, "I live in the
hope of a better world, a world with
little less friction," or with Hawthorne's
whispering to Mr. Dicey that, when he
died, he hoped he might have a good
long sleep, say of two thousand years,
before he was called up again to work?"

—Spectator.

A "runner" for a Milwaukee house,
was, a few days ago, in La Crosse, anx-
ious to get across the river on the ice,
but was told it was dangerous and so he
got on his hands and knees and crawled
across, hauling a skiff on the ice to get
into in case the ice broke. After he had
crawled about half way across, and was
all tired and discouraged, he heard a
noise behind him, and thinking the ice
was breaking he got on his knees, just
as a load of wood came up behind him.
The ice was a foot thick and some other
runners had played it on him. He is
searching for the fellow who told him
the ice was thin. —Delevan Bee.

Of all the dogs on town for dogs, this
town knocks 'em all; what little room is
not entirely taken up by dogs, is cram-
med with hogs, and so, between dogs and
hogs, the streets are a continual hub-
bub and squeal, while cats supply ac-
companying drama from beneath every
house and barn and sidewalk, that stands
six inches from the ground.

CARVER, March 2d 1874.

ED. VALLEY HERALD.

Please allow the
following a space in your valuable paper.

Would you have been talking about
the people being robbed if either Dr. Lew-
is or Dr. Griffin had been elected County
physician? We suppose that in that
case you would not have robbed the rea-
ders of the "Herald" of so much read-
ing matter to gain room for this ever-
lasting talk about Dr. Haas. What are
you down on him for? Is it because

he is a German or because he knows
nothing? If you think the latter to be
the case, we can prove the contrary to
you. We only need to refer you to
Louis Moeschler, Chas. Hartung, Fred
Mueller and John Hess to prove that he
is a first class surgeon. John Funk,
Henry Gehl, Edward Goetze, Christ Ed-
cr, Geo. Gruber and hundreds of others
will stand up for him as a physician
every time. The Germans would not
have said a word if one of the first men-
tioned doctors had been appointed, why
cannot the French, the Irish and the
Americans be contented now! Must it
follow, that because Dr. Haas is a poor
man that he is a poor physician! As a
poor man he knows how the poor feel.
Is there any objection to him because
he is a homoeopathic physician? You
should remember that he is not the only
homoeopathic physician, and that millions
do not want any other medicine than
that given by such a physician. An
old saying is, that "by their fruit you
shall judge them," which is very applic-
able to the doctors, whether they be
Germans or any other countrymen.

In answer to the complaint that the
County Board is wasting the peoples
money, let us remind you of one thing.

Four years ago, when Mr. Barthel
and Mr. Westbecker entered upon their
duty as Commrs., county orders were
worth 75 cts. on the dollar; to-day you
can get a dollar greenback for a dollar
county order. And that in spite of the
enormous expense the county had to
provide for, as for instance \$5000 for
the court house, \$9000 in the Weertz
case, \$4000 for the poor farm etc. Will
the finances of the county be in such a
condition when your term will have ex-
pired, Mr. Griffin? Let us wait and
see, Mr. Carver correspondent, and then
you may say "amen!"

THE NEWS.

The English Ministry.

The following is a complete list of the new Ministry of England, which will be found interesting at this time:

Benj. Disraeli, First Lord of Treasury.
Baron Cairns, Lord High Chancellor.
Earl Derby, Secretary for Foreign Department.
Duke of Richmond, Secretary for War.
Marquis of Salisbury, Secretary for India.
Earl of Carnarvon, Secretary for Colonial Department.
George Ward Hunt, Secretary for the Home Department.
Gathorne Hardy, First Lord of Admiralty.
Sir Stafford Northcote, Chancellor of Exchequer.
Lord Lennox, Commissioner of Works and Buildings.
Captain Stanley, Under Secretary for War.
Sir John Charles J. J. J., Secretary to the Admiralty.
Lord Hamilton, Under Secretary for the Foreign Department.

Statistics of the Crops.

The National Crop Reporter publishes estimates in relation to the percentage of the hay and potato crops of 1873 in producers' hands on February 1st in the States of Illinois, Iowa, Kansas, Minnesota, Ohio and Wisconsin. The following is an extract of the main features presented: The States named produced last year over 9,000,000 tons of hay, of which there was on hand February 1st a little over 45 per cent, or about 4,000,000 tons. Illinois retains the highest percentage, a trifle less than 48; and Wisconsin the heaviest, nearly 52 per cent.

Of Irish potatoes, the states above mentioned produced 18,000,000 bushels, or about 10,000,000 bushels, or about 41 per cent. The relative proportion on hand in the several states varies considerably, running as low as 28 per cent in Minnesota, and reaching 65 per cent in Wisconsin.

The average price of wheat and potatoes in some of the states, relatively considered, are somewhat anomalous. In Illinois, potatoes average five cents per bushel higher than wheat, in Iowa seven cents higher, and in Kansas ten cents higher.

The prospects for fruit in southern Illinois and southwestern Missouri are flattering.

The prospect for a large yield of peaches in Delaware is excellent.

Patrons of Husbandry.

The Missouri State Grange of Patrons of Husbandry met in Booneville on Feb. 19, and adopted the following resolutions on the 20th:

First, That we fully endorse and approve the declaration of principles adopted at the late meeting of the National Grange at St. Louis.

Second, That as cultivators of the soil we have been too long governed and controlled by the great money powers of the land and the money power, who are against us, simply because we have been ignorant of our own strength, in our defense or have wasted it in warring with each other.

Third, That, as retrenchment and reform is the motto, as true farmers, we should be at home, at all while we demand, as we have a right to, that our legislatures and rulers shall be economical in expenditure of public money, let us not be prodigal in the expenditure of our private means. While we condemn the extravagance of public officials, and the plain of the wrongs inflicted upon us by those who have been interested in power, we will not still further wrong ourselves by living above our means, and involving ourselves in debt, the surest way to ruin.

Fourth, That we invite the hearty support and co-operation of the sisters of our order in our reform movement; that woman's true position is the God given, divinely sanctioned one of helpmate to man; that therefore her place is by his side, hers is a position, and if rightly understood will raise to her memory monuments more durable than marble, and leave an inheritance to those that will come after her more to be prized than wealth or honors.

Fifth, That in a Republican government, all power is vested in the hands of the people, and in ours, majority of the people belong to the poor, and the poor are the most numerous of the classes have been used by a numerous and influential minority to the detriment of their own self-interests.

Sixth, Although ours is not a political organization, and especially against political or partisan questions, yet we will upon our representatives in the legislature, and in the executive branch of the government, to stop the currents of extravagance and corruption, which have borne so heavily upon the people of this country.

The State Grange of Tennessee met in Nashville last week. Nearly 500 subordinate granges were represented, there being between 500 and 600 delegates present, including many ladies. The question of the establishment of flour and cotton manufactories at Nashville was among the subjects discussed.

The East.

John Monahan attended a ball at the Willard House, 1114 E. Park, Boston, Saturday last, and wandering into one of the private rooms took a draught from a bottle which he thought contained liquor, but proved to be poison.

General Saxton has unconditionally donated \$10,000 to Hamilton College, New York, his alma mater.

The estates of Stephen and Abby Kelly Foster, Sarah Wall and Marietta Kelly, who refused to pay taxes until women can vote, were offered for sale by the tax collector at Worcester, Mass., on Friday, to pay the taxes of 1872. The last named were bought in by a friend, but no one bid for the other estates.

The Trades Unions of New York are now obtaining affidavits of victims of police brutality in Tompkins County, and are holding a meeting there, in January, with a view of procuring investigation by the Legislature.

At Pittsburg, Pa., Hon. W. D. Moore, a leading lawyer and chairman of the Democratic County Committee, has instituted a criminal suit for libel against the publisher of the Post, the organ of the party. A civil suit for libel damages will follow.

Only 750,000 tons of ice have been gathered on the Hudson this year.

Two members of the Pennsylvania House have been arrested for circulating prohibited documents through the mails.

The lawlessness in Lincoln county, New Mexico, reports a few weeks ago, continues. Seven months have been committed there ten days previous to the date of the letter. The outlaws threaten to kill some of the most prominent men in the county. Many of the farmers have fled the county, and more are preparing to follow.

The West.

Max Wolfen, a German, who killed a German named R. R. at Nebraska City, a few days ago, has been captured and is now in jail at Hannibal, Mo.

There is great excitement at Princeton, Ind., over the attempt to inaugurate the women's temperance crusade to that place.

A most brutal outrage was perpetrated on Josie McKee, a respectable young lady, living near Niles village, by some unknown wretch, last Friday. The family had gone to a dance, leaving Josie alone at home. When she returned they found her almost lifeless body under the piano, where the poor girl had been laid full length, after having been kicked there by the villain, and it is supposed, left for dead.

Mrs. Elizabeth Brownie, wife of A. W. Brownie, a wealthy farmer living near Davenport, was brutally murdered by some man unknown, in her house, Wednesday evening. She was shot twice with a double-barreled shot-gun, and died instantly. Her youngest child, four years old, was fatally shot. No clue to the murderers, and their object is unknown, although it is thought they were in quest of robbery.

James Barlow, of Springfield, Ohio, on Wednesday, fired five saloon-keepers in

of from \$50 to \$150 each for selling liquor in violation of the Adair law.

A bill has been introduced in the Ohio Legislature to provide that when a person is indicted for crime and the defense pleads insanity, a special jury shall determine the question of sanity in the evidence of trial before the court. If they pronounce the person sane he shall at once be put upon trial; but if insane, then he shall be committed to a lunatic asylum and put upon trial when pronounced cured.

The Supreme Court of Illinois has decided a case involving the validity of the bonds issued to the Paris and Decatur Railroad Company by municipal corporations along its line. The court decides that the charter of the company confers no power on counties, towns or townships to issue bonds in aid of this railroad, that instrument containing only a vague provision authorizing persons or corporations to subscribe to the bonds of the company.

The amount of bonds issued by municipal corporations which are thus declared illegal is \$688,000.

At Large.

The Pullman Palace Car Company has paid its regular quarterly dividend of three dollars per share, or twelve per cent per annum. The earnings largely exceed the dividend, and the winter's business having proved better than last year's, notwithstanding the diminished railroad traffic since the panic.

The brewers of Cincinnati have held a meeting to discuss the action of the Legislature on the temperance movement in Ohio. One brewer states that Washington Court-house, which took 100 kegs of beer daily, now takes none.

At Xenia, Ohio, the citizens have subscribed a large fund to support the women's movement. The last station in Jamestown, Green county, Ohio, is reported closed.

The Supreme Court of New Mexico has decided that the Pueblo Indians of New Mexico are citizens of the United States, and are entitled to the same rights as other citizens.

On the morning of the 19th inst., a girl, about eighteen years of age, coming in at the gate of the field with a small basket in her hand.

Official County Paper.

BY A. L. DU TOIT & Co.

CHASKA THURSDAY MARCH 12 1874.

Local Legislation.

At the session of the Legislature just
closed the following special laws relat-
ing to matters in this county were pas-
sed.

An act authorizing the towns of Wa-
conia, Watertown, Camden and Holly-
wood to issue bonds to aid in the con-
struction of a canal from Waconia Lake
to Lake Minnetonka. These bonds can
only be issued by a vote of the electors
of each town.

An act establishing an Independent
school District in the town of Cha-
ska.

An act changing the boundary lines of
the village of Chaska so as to ex-
clude from the limits of said village a
small piece of meadow land belonging
to Frank Meisler.

An act changing the name of Young
America Station to that of Nor-
wood.

An act requiring the State Treasur-
er to pay over to the town of Carver
certain moneys belonging to the Rail
Road Bond fund of that town.

THE FARMERS MUTUAL FIRE
ASSOCIATION.

A strong effort was made at the last
session of the Legislature to break down,
by hostile legislation, the above named
association. The stock companies, aided
by a self constituted committee
from the State Grange of the Patrons of
Husbandry attempted to secure the pas-
sage of a law which would have dis-
solved the association, but the good sense
of the legislature prevented them from ac-
complishing their purpose. The result of
the contest proves the Farmers Associa-
tion to be on a much more substantial
basis than we had supposed. Its ene-
mies could not show a single instance
where it had failed to meet promptly
every demand made upon it for losses by
fire or otherwise, and it is evident from
its present prosperous condition that it
has been steadily gaining ground ever since
its organization.

The friends of Gen. John T. Averill
assert that he has finally determined to
become a candidate before the Republi-
can District Convention, for re-nomina-
tion to Congress. It is understood that
Col W. S. King is also a candidate
Mr. McClure, of St. Cloud, is also men-
tioned as a candidate.—Pioneer.

Dillon O'Brien, Esq., has entered in-
to a business partnership with Mr. John
C. Devereux, the founder and proprie-
tor of the Northwestern Chronicle, and
will take his place in the editorial de-
partment of that paper, which he is am-
ply competent to fill to the satisfaction
of its numerous subscribers. Mr.
O'Brien is an intelligent gentleman, an
easy and graceful writer, and what is
quite as important to editorial success,
of unimpeachable personal character and
reputation wherever he is known. We
extend to him and his partner our best
wishes.—St. Paul Pioneer.

Col. Calkins Little Bill.

Madison Special to Milwaukee Sentinel.

The Senate passed the bill appointing
commissioners to settle the claim of Col.
Calkins. When it came up this morning
the Senate was there, and some of the
friends of the bill were out on the
street. This gave the opposition an
opportunity to spring a trap on the bill,
which they did by refusing to pass it.
Then parliamentary tactics were resorted
to, and for three-quarters of an hour the
Senate presented a lively scene. The
friends of the bill rallied. A call of the
Senate was made, absent Senators
brought to their seats, which resulted in
the passage of the bill by 16 to 13.

The Mankato Review says that a new
grange has been started in Medo, Mak-
ing three in all in that township. Some
jarring has occurred among the pa-
trons of that locality, which will doubt-
less be carried into the county and State
councils.

Weekly Valley Herald.

St. Paul, March 9th 1874.
DESERVED.

The sixteenth session of the Minne-
sota Legislature is closed; no more is the
eloquent Donnelly, the persuasive
Wilkinson, the excitable Sam Boman
nor the Rail Road disciple Drake heard
in the Senate Chamber; the members
have drawn their last per deim and
gone home, some satisfied, but the great
majority sadly disappointed and crest-
fallen.

Nothing of great importance has been
accomplished; a Rail Road bill was pas-
sed but whether it will be advantageous
is to be seen; the Rail Road Commis-
sioners will have a great power in their
hands, and good men can work a
great benefit for the people, while it
will also be in their power to do a vast
deal of injustice.

The Tax laws are considered as very
excellent, and it is to be hoped, that
they will be enforced: Judge Gillfillan
and Mr. Sencerbox have given their best
efforts to it so we may expect some-
thing of value. The Warehouse bill
after passing the House was defeated in
the Senate; it was not entirely satisfac-
tory but was considered better than
none and worthy of a trial for a year at
least.

ALL NIGHT.

The Legislature worked from 7 1/2 o'-
clock on Thursday evening until 6 o'-
clock Friday morning and cleared up a
vast amount of business; at the latter
hour an adjournment was had until 10
o'clock when the members again met
with heavy eyes and heads, and pro-
ceeded to spend the few remaining hours
in boisterous sport. Burlesque bills,
resolutions and petitions were intro-
duced, songs were sung, speeches made
and poems read.

Thus at noon of Friday closed the
session, and I think but few of the far-
mers who covered the honor(?) of rep-
resenting their districts last fall, will
ever care to come again; it is not nearly
such good fun as they expected, and
they have found that it is much heavier
work than they bargained for; many
have been quite sick, overcome by the
steam heat, and had ventilation of the
rooms; this will be obviated another
year as an appropriation has been made
for better ventilation.

THE SENATE.

The Senate has been composed of a
splendid set of men, but as you know
much time has been wasted in unbecom-
ing, and not one half as much has been ac-
complished as was expected.

The House has not been particularly
bright, there being so many novices;
a man does not learn the ropes in one
short session in fact I think some of the
men who have been here this year could
not become proficient in a life time; it
is those steady going men who come
every year who are of value to the State,
they know what the people need, and
how to secure it to them.

OLE.

REFOUR.

When the sixteenth Legislature of
this state convened at St. Paul last Jan-
uary the people of this state expected, as
they had a right to, from the promise
made to them by their representatives
before election, that the time had come
when the evils which were alleged to
have grown up through the inefficiency
and corruption of previous legislation
would be corrected. That these expecta-
tions have not been realized is pain-
fully apparent. The records of no for-
mer legislature in this state exhibits
more reckless extravagance, bad legisla-
tion than the one that has just closed.—
The people demanded and expected rail-
road legislation that would relieve them
from the burdens they labored under; but
instead of this, the laws on our statute
books regulating railroads, which only
needed some amendments to make
them all the people asked for,
have been swept away, and a law passed
to take their place which, while it gives
the people no more relief than they
could have obtained under the one re-
pealed—it it does as much—makes an
additional expense to the tax payers of
not less than ten thousand dollars an-
nually. The people expected retrench-
ment and reform in financial matters,
but this Reform Legislature has voted
away between seven and eight hundred
thousand dollars of their money. The
people sent their representatives to St.
Paul to carefully consider all measures
that came before them and yet they

passed an important and lengthy tax law
on the last day of the session without
consideration; simply because there was
then no time to consider it. Also with-
out proper consideration they, on the
last day of the session, passed over one
hundred bills against the plain provisions
of the constitution which in direct terms
forbids the passage of any law on the
day fixed for final adjournment. Why
"these things are thus" we shall at-
tempt hereafter to explain. We must
add in conclusion however that the lie-
publican party being in the majority is
of course responsible for every thing
that went wrong.

NOTICE.

Payments for back subscription to the HERALD must be made at once. We are very much in need of money and are consequently obliged to call on all those indebted to pay up.

Mr. Bernartz former proprietor of the Flour mill on Chaska creek in the upper part of the village has sold his mill to Mr. Lidel and removed to California.

Mr. Fred Wommer has rented the rooms adjoining the Washington House and will soon open a variety store thereon. Success to Fred in his new undertaking.

The Storm.—The late snow storm had the effect to nearly suspended business in this village for several days.

Trains have been unable to run on any of the Rail Roads, most of the time since last Friday; and the drifted condition of the road leading from the Country into town has rendered them almost impassable for teams. The blockade however seems to be broken and we may hereafter expect to see business of all kinds again moving as usual.

Mrs. Fred Salter has engaged the services of a dress maker thoroughly acquainted with that business and added to her already extensive business that of dress making. Those in need of her services will do well to give her a call.

Mail Contract.—The contract for carrying the mail from Carver and Chaska to Watertown has been awarded to Mr. Hecklin of this village.

Mr. Hecklin will, it is understood put a stage line on this route. If he does it will be no slow concern.

On Monday a ten and quarter lb. boy made his appearance in the family of Mr. George Faber. While Faber friends were congratulating him upon this addition to his family Henry Young, the irrepressible, put in an appearance and reported equal success in his family.

All owing, undoubtedly, to the late snow storm.

After a reply to the communication of Mr. Griffin, which appears in this week's issue, to which Mr. Barthel is entitled, if he desires it, we hope all parties will be satisfied and the controversy come to an end.

CONTRACT LET.—We understand that F. Hecklin of Chaska has been notified by the Post Office Department that his bid for the mail contract between Carver and Watertown, is the lowest, and consequently he will receive the contract. He commences in June, and we hear that the route will start from Chaska, and go by the way of Victoria church.

Personal.—We had the pleasure of meeting Hon. C. H. Lienau of Watertown at Chaska, one day last week, where he was in attendance, holding a term of Probate Court. We were glad to learn that he is fast recovering from the accident he met with last fall, in breaking his leg.

H. R. Denny did not reach home from St. Paul until Monday, being detained by the big snow storm on Saturday. Col. Baxter returned Saturday.

Our old friend Theodore Bost has formed a partnership with Mr. Murray and they have opened a store at Excelsior for the sale of Dry goods, Groceries, Crockery &c. They are good and reliable.

A. C. Lassen of Wacoua, Wm. Leis-tio and Christ Ackerman of Young America were in town last week on business.

Blocked.—The R. Roads were blocked on Saturday, and consequently we had no mails. It was the worst stormy all odds, we have had this winter.

For Sale.—John Snell, our furniture dealer, wishes to state that he offers his house and lot for sale cheap, also his entire stock of furniture, and tools. All in want of goods in his line should give him a call as he is bound to sell.

Passed.—Rept. Denny has secured the passage of an act, through the Legislature which will enable the town of Carver to recover certain funds now in the hands of the State Treasurer which belongs to our town. We do not remember the amount.

Returned.—We are pleased to learn that our former fellow citizen Peter Weego, has made all arrangements to return to this County and become a permanent resident. He moved his family to Chaska on Wednesday, and will soon take a position with one of our business firms. His many friends in this County gladly welcome him back again.

Commissioners.—The County board will meet on the 17th inst., all having business with them should bear it in mind.

Living.—"Peter" Funk still lives and blows "his horn" but it is an "ill wind" that "blows" nobody good.

Telegraph.—Capt. W. H. Mills the gentlemanly agent at the Minneapolis Depot, has put in an "instrument," and hereafter will "put through" your messages at "lightning speed". This is a great accommodation to our people, and the Capt. is deserving of thanks for his action in the matter.

Improved.—Justice Mitchell has given his hotel a fresh coat of paint, which improves its appearance a great deal.

Carver House.—This hotel, kept by Fred Strache, is doing a very large business. Mrs. Strache knows how to get up a good meal and give one a nice clean bed, which makes the stranger feel happy these cold winter nights. By all means patronize Fred when in town.

Dr. Jones.—All admit the Dr. to be a first class veterinary surgeon,—full of business. Any one wanting his services can find him at the "Basler House," when not away on professional business.

We understand it is the Doctors intention of making an appointment of one day in each week at Chaska, which will furnish the "horse men" of that neighborhood a chance of securing the Drs. services. We can cheerfully recommend him as a man thoroughly posted in his profession. Should he conclude to be at Chaska once a week timely notice will be given through these columns.

Basler House.—A. M. Swenson prop. of this well known house, has been making quite a number of improvements about his hotel. Andrew knows how to accommodate his guests, and consequently his place is the favorite resort of "old settlers." The choicest liquors and cigars, always on hand.

Enquist and Blom of the Carver cash store, are doing a splendid trade. They keep a well assorted stock of goods, and are reliable young men.

THE NEW BANK.—Quite an "excite-ment" was created in town last week, upon the passage through town of the "huge" safe of the new Bank of Messrs How, Strait & DuToit. Its weight being three and a half tons. It took some liftings to get it into place, where together with a new counter and glass, it adorns the office of the Bank in the store of Messrs Franken & Starcken. Make the establishment a call.

BEER.—Peter Hlis has now in full operation his new brewery, and is turning out that harmless beverage in a manner that means business. Nothing of the kind manufactured this side of Milwaukee to excel it. Peter says so, and he knows.

EDITOR VALLEY HERALD.

Some person has been playing a practical joke on the County Commr. of District No. 2, by signing the name of Peter Barthel to a piece that appears in your last number. It reminds us of the old story of the skunk and woodchuck. Mr. skunk wanted to get into good company, so he left his hole in the rotten log, with its pile of chicken bones, stolen from the honest farmers henery and in the absence of its owner, took possession of the woodchuck's burrow. Woodchuck went home and found his domicile invaded. Who are you? asked the owner. Whom I! Why I am woodchuck, shure! You; you a woodchuck! you don't talk like a woodchuck; you don't look like a woodchuck; you don't act like a woodchuck; and you don't smell like a woodchuck. So get out of my house, you sweet smelling vermin in double quick.

No sir, you are not woodchuck, if you had been, you never would have spoken of your constituents sustaining you, under the circumstances of the election of County Commr. of Dist. No. two last fall.

And again you shown your bogus character by saying that the writing of 55 folios is but one half days work, for Mr. Barthel well knows it would take him four or five days. Again, you say that Mr. Barthel did not vote for Griffin's bill, now Mr. Barthel is too much of a gentleman to try to crawl out of so small a hole as that, for he set at the board and acquiesced in the passage of the bill, and assented to the understanding that all bills for writing school district notices should be 15 cts per folio—that too, smells too strong for a woodchuck.

The pay for writing school district notices was fixed at 15 cts per folio, so, that if, unfortunately some would be woodchuck, like the writer spoken of, should get into the county board, he could get only what the law allows for such work. Again your baby fragrance is exposed by your asking for the law to pay County Comrs. for their services in school district matters. Just as if the chairman of the county Comrs. did not know that it is recorded in the session laws of 1873, on the 52d page thereof. And again our savory smelling writer states that, the records will show that, Mr. Barthel did not vote at all in election of county physician: whereas it does not show any such thing. The Commr. from district No. one and five did not vote for Dr. Haas, consequently Mr. Barthel did or there was no election. Again Mr. wood be woodchuck Mr. Barthel is not so silly as to talk about the price of county orders when he well knows that at one time county orders were worth but 35 cts. on the dollar and that by excessive taxation they gradually rose to par, besides he would keep nearer the truth in regard to the matter than you do,—and as to a committee to watch us, nothing would suit Commr. No. one and No. 2 better than to have the people of the county watch us; and if we prove unworthy of our trust condemn; if faithful approve. Remember citizens of carver county that "eternal vigilance is the price of liberty no less so than politically."

And finally Mr. Barthel would never have published to the world that, with his consent a bill of \$90000 should run up in one case of homicide, with over \$2000 more still claimed against the county—the tip of your tail shows the white there and the smelling bottle is close behind. Now return to your rotten log and suck your chicken bones, and never again try to palm yourself off as a woodchuck. There has been much talk about the opposition to Dr. Haas. As far as Commr. No. one and No. five are concerned they have found no fault with the choice made by the board, they hold the right to vote for the man that they think will best secure the people and care not whether he is native or foreign born, or whether he is Allopathist, Homoeopathist, Botanic or Eclectic and holding such views, freely concede the same to our colleagues.

CHASKA THURSDAY MARCH 19 1874.

Owing to the lengthy financial
statement in this weeks issue we are
unable to furnish our subscribers with
the usual amount of "reading matter".
Our next issue will however contain the
usual amount of news.

The County Board is in session;
and has before it a large amount of im-
portant business. In order to complete
it, it will be necessary for them to meet
earlier, than ten o'clock in the morning.

Mr. Armstrong claims the belt.
His wife presented him, this week with
a boy weighing fourteen pounds. That
will do.

The following officers were elected
in the town of Vacouia for the ensu-
ing year.

Supervisors—Chas. Remigius, Es-
hard, Chas. Siltz, John Lehre.
Town Clerk—A. C. Lassen.
Assessor—F. Burandt.
Treasurer—F. Burandt.
Justice of Peace—J. G. Mock, and
John Appel.

The following town officers were elected
in the town of Chaska for the ensu-
ing year.

Supervisors—Chas. E. B. Harrison,
August Vogel, Henry Krause.
Town Clerk—Henry Aspiden
Assessor—L. Van Sloan.
Treasurer—L. Van Sloan.
Justices—Henry Aspiden, and A. D.
Leach.
Constable—Edwin Aldritt and H.
Abbott.

NORWOOD MINN MARCH 14th 1874.

ED. HERALD:—During the
week an important suit was tried before
Esq. Ellsworth, being an appeal from
the order of the Board of Supervisors
laying out a new road. H. J. Peck
Atty. for Supervisors, and Frank Warner
for Appellant order of Supervisors
reversed and appeal taken.

The Council of the McLeod County
Patrons of Husbandry met at the Hall
of Silver Star Lodge in Young America
on the 5th inst some ten Lodges
were represented, and a grand good
time enjoyed, with a sumptuous free
dinner gotten up by the ladies of Silver
Star Lodge. There were about 200
Grangers in council. On account of
the severity of the storm the Grangers
held no evening session, but dispersed,
some for home, others for the houses of
friends. Taken altogether it was the
most enjoyable affair of the season.

H. J. Peck and Sheriff DuToit of
your Town, Frank Warner of Carver,
and E. R. Smith of Hastings spent a
few days in Town the past week on le-
business. A very pleasant surprise
took place while the gentleman alluded
to above tarried with us Sheriff Du-
Toit being the recipient of a massive
gold watch chain presented by Mr. Peck,
who made a very appropriate presen-
tation speech. Mr. DuToit was so com-
pletely taken by surprise, that he was
unable to respond. Your correspond-
ent could appreciate his feelings, al-
though he has never been similarly treat-
ed.

The Supervisors annual report shows
quite a balance in the treasury. This
result must be quite satisfactory to our
efficient board, as many had predicted
that the town was in debt to the a-
mount of hundreds of dollars on account
of opening so many new roads during
the past two years.

VALLEY HERALD SUPPLEMENT, MARCH 26th 1874.

The Valley Herald

Official County Paper.

CHASKA THURSDAY MARCH 26 1874.

RAIL ROAD COMMISSIONERS.—Under and pursuant to a law of the last Legislature regulating rail roads in this state, Gov. Davis has appointed, as commissioners to fix rates of freights and tariffs, Gen. A. J. Edgerton, Ex-Gov. W. R. Marshall and Mr. Randall. The Governor has used his appointing power wisely in making the selections; but neither these commissioners, or any others whose power is confined to the limits of a single state, can remedy the evils complained of. Our rail road system is national in its character; and if it is to be controlled by legislation, such legislation must be by Congress.

Sheriff Du Toit has been confined to his house for a few days with a sprained leg. He tried a jump and got a sprain. He now agrees with us, that fat men should not jump on the ice unless it is absolutely necessary.

INDICTED.—At the last term of the District Court in Sibley County the grand jury found an indictment against Henry Young, late treasurer of that county, for embezzling twenty thousand dollars of public funds.

COMMISSIONER KOHLER.—The only new member of the county board this year is S. B. Kohler of Watertown. The other members have served for several years. Mr. Kohler has already proved himself to be a very capable prudent officer; and one in whom the people of his district can safely confide the trust they have imposed.

THE COUNTY BOARD.—The large amount of business before the Board of County Commrs., at their session of last week, compelled them to adjourn over to Tuesday of this week.

The amount of important, and often difficult business matters, forced upon the Commrs. for their consideration, and action, in a large and populous county like this, renders it impossible for them to properly discharge their duty in the short time allowed them by law, which is twenty days in each year.

They should occupy all of the time that is necessary, to enable them to carefully protect the interests of their county; for to them the people have confidence that must. No one can object to paying them for the time they are thus occupied.

FREE LUNCH.—If you want a free lunch, which cost you nothing, call at the Minneapolis Resort—Dybl knows how to do it up brown.

NEW GOODS.—Mr. John Frank has just received a large addition to his already large and excellent stock of Men's Fur and Hosiery Goods and is now prepared to supply the want of all, in any kind or quality of goods desired and at prices lower than at any other place in the valley. Call and examine his new stock.

—Since the first of January Adj. Gen. Flower has succeeded in collecting over \$6,000 in pensions due to soldiers of this State. If he succeeds in securing the amounts claimed upon applications already made, the total collections for the year will amount to some \$25,000.

E. L. Baker, of Red Wing, has been appointed one of the trustees of the Soldiers' Orphans' Home, vice W. D. Pettibone, resigned.

Over \$13,000 has already been subscribed to the stock for the purpose of building a flouring mill at Le Sueur the coming summer, and the mill will be built.

—Ben Hill, of Georgia, deprecates the fact that so many military men have obtained office North and South since the war. He says there are enough Generals, Colonels, Majors and Captains in Congress to form a respectable army, but not enough statesmen to make a good committee.

CHASKA MARCH 26th 1874.

ED. HERALD:

Having been appointed by the Co. Commissioners Superintendent of common schools of Carver Co. to fill the unexpired term of Thomas J. Korker Esq. who resigned having removed from the County, I entered at once upon the discharge of the duties appertaining thereto, and during the four months have visited fifty two of the schools in the County, and will report my doings through your paper, and make such suggestions as I may think important. I may err in my opinions and suggestions, for I do not claim perfection, nor feel aggrieved at criticism, am always ready to give consideration to the honest opinions of others. It will occupy a larger space in your paper, to report each school separately, than I presume you will be willing to allow, and therefore will give my report more in general. Of the fifty two schools, I visited there were in attendance on the days of my visitation, in the aggregate, Boys 1010 and Girls 79, total 1719, while at the same time there were probably more than five hundred school children, in those same districts who neither attended public or private schools. It plainly shows that there are a large number of parents who seem indifferent to the intellectual training of their children. Of the scholars in attendance I found, as a general thing, them quite proficient in reading, writing, arithmetic and geography, indeed it appeared some what remarkable that they should be so far advanced, at their age considering the time they have attended school, many of the districts heretofore, having had, not more than three months teaching yearly since their organization, it has demonstrated to me that the children are quick and willing to learn. If their parents will give them the opportunity, will undoubtedly at the age of sixteen or twenty years have acquired an education sufficient for all the ordinary purposes of their after life. It is surprising and lamentable to see so few in attendance over the age of fourteen years. In regard to the ability, industry, and all the qualities necessary for first class teachers they cannot be excelled in any County in the State. It might be considered invidious to particularize, but I can not let this opportunity pass without saying what I presume is an admitted fact, by all, that the following teachers stand at the head of their profession: Messrs. Benson, McLeiland, Witmer, Thomas, Asplen, Powers, Vergen, Barnes, Hredenhagen, Gale, Mayer, Witz, Bachmann, Dougherty, Craven, and Messer. Of the lady teachers (the younger ones will allow me to mention) Mrs. Slaughter, Miss Hartly, Murry, Du Toit, Messer, Byheffer, Tiffany, Gale, Benson, Harmon, as the ones who cannot be excelled.

I have found in most of the schools the best of feeling prevailing between teachers, scholars and their parents, all seeming to cooperate with each other to make their schools a success. In two districts, however, I found trouble, one caused, as was alleged by the larger boys of one nationality, insulting and abusing the boys of another. Such notions should not be tolerated, and if neither the teachers, or parents can prevent such conduct, the boys should at once be expelled from school.

In the other quite a commotion was made, by a few of the parents of some of the older girls, in consequence of a legal hiring of some of their daughters, on the part of their youthful teacher. I was requested to investigate the matter by all the parties, and to pass judgement thereon, being naturally of a retiring and modest disposition I asked to be excused from the investigation of the merits or demerits of so intricate and delicate subject. I fully consented. On the part of the parents it was alleged that such conduct on the part of the teacher had an immoral tendency, that he was hired for quite a different purpose, that he had been taking liberties with their daughters unbefitting the dignity of a teacher and gentleman, and which should not be countenanced, and desired that his license should be revoked and he be discharged as teacher. On the part of the teacher, he put in the plea of "confession and avoidance" that the manner and circumstances under which the alleged offences were committed were such, that in so doing it was neither against good morals, or indicative of any thing wrong on his part, that in all ages of the world such amusements have been sanctioned, allowed, and indulged in by the wisest and best of men. The young ladies seemed to view the matter in about the same light of the teacher. After hearing all the evidence pro and con I came to the conclusion that, at most, it was but a youthful indiscretion on the part of the teacher and therefore refused to revoke his license. I would however, in the mean time must respectfully recommend to all such teachers who are disposed to indulge in amusements of that kind, with their scholars, the expediency, and propriety, of abstaining from such practices, especially in the school room, and "Tarry in Jericho until their beards be grown."

I can not close without expressing my astonishment and gratification at the rapid progress made in all the material interests of the County during the past eighteen years, and especially in matters appertaining to education. The first school ever taught in this County was in the winter of 55 and 56 at Carver by Geo. Bennett Esq. succeeded in the summer by Mrs. Sargent (since deceased.) There are now sixty three school districts and sixty school houses, and the following districts have good substantial ones that will compare favorably with any in the older states, to wit: Dist. 53, 14, 39, 38, 20, 12, 17, 18, 27, 7, 54, 28, 16, 25, 57, 43, 51, 32, 49, and 36. The remainder are those which were built early in the settlement of the Co. and which have heretofore answered well the purposes for which they were intended, but the increase of scholars, and other causes render it absolutely necessary that they should be supplanted by other and larger ones, and which I am informed in many districts initiatory steps have been taken to perfect at no distant day. I retire from the position, I have occupied for the past four months, with confidence that the future educational interest of this County could not be committed to a more experienced and competent gentleman than my successor.

All of which is respectfully submitted.
J. A. SARGENT.

ITEMS FROM NORWOOD.

NORWOOD, MARCH 23d 1874.

ED. HERALD:—At the last council of the Patrons of Husbandry a committee was appointed to solicit subscriptions for a merchant flouring mill, to be located at or near this village. We learn that the committee are meeting with considerable success. This is a commendable enterprise, and we hope our business men will respond liberally. Mr. G. S. Norcross of Glenview and H. B. Bunker of Minneapolis, were in town last week making arrangements to build a stove and heading factory. If sufficient timber can be had, they will have their factory running in June.

We note active preparations for building in several places, and predict much activity in that line here the coming summer. We had occasion to visit the Capital City on business the past week, and found our old time friend, G. A. Du Toit, Cashier of the Carver County Bank in his new quarters, dispensing check books to his numerous friends with his accustomed suavity. This bank has become one of the solid institutions of the country. Long may you wave George.

Considerable shipping is being done at this point, some 30 cars are standing on the side track waiting their turn to load. Our business men are doing an active trade, farmers are supplying themselves in anticipation of bad roads. This is the best point we know of, for a first class shoe maker, interested parties should make a note of it.
